Brown Jordan redefines fine craftsmanship with Canyon, defined by its transitional style and broad proportions. From the side, Canyon appears to have a bold contour made up of straight lines, but viewing from the anterior reveals its unique curvature. The arms softly arch creating a circle that reaches slightly beyond the back. Attention to detail and quality craftsmanship is further displayed through Canyon's exposed joints, which add a distinctive touch to the chair's design. With a beautiful hand-waxed finish, Canyon exhibits a sense of luxury and leisure.
