## Fabric Descriptions and Cleaning Instructions

### Woven Vinyl Fabrics

Woven Vinyl fabrics are made from Weather Weave, an open weave, vinyl-coated, polyester fiber fabric. Weather Weave is similar to the material used in tire cord, bonded so it will not unravel if cut. Especially designed for outdoor use, Weather Weave dries quickly and can be left out in any kind of weather. Ultraviolet stabilizers have been added to inhibit fading, deterioration and mildew. Weather Weave fabric cushions will provide many years of outdoor pleasure.

Mix three gallons of warm water with one cup of household bleach and one cup mild laundry detergent. Apply with soft brush or cloth and rinse well. **DO NOT USE SOLVENT-TYPE MATERIALS, THEY WILL DAMAGE THE YARNS.**

### Woven Blend Fabrics

Woven Blend is a blend of polyester and solution-dyed acrylic that has a soft hand and dries quickly when saturated with water. They are very useful as an umbrella fabric, and provide excellent sun blocking protection.

Wash with a solution of soap or mild detergent and warm water. Sponge thoroughly with water and allow to air dry. For more stubborn stains, mix three gallons of warm water with one cup of household bleach and one cup of mild laundry detergent.. **DO NOT USE SOLVENT-TYPE MATERIALS, THEY WILL DAMAGE THE YARNS.**

### Woven Acrylic Fabric

Acrylic Fabric is 100% solution dyed and provides a soft hand, having the look and feel of cotton. Acrylic fabrics are recommended for both indoor and outdoor use. Acrylics are the most durable outdoor fabrics because of their UV fastness and their ease of cleanup.

Wash with a solution of soap or mild detergent and warm water. Sponge thoroughly with water and allow to air dry. For more stubborn stains, mix three gallons of warm water with one cup of household bleach and one cup of mild laundry detergent.

### Oyster Weave

Oyster Weave is applicable to Banyan Bay, Belvedere Woven, Southern Cay Woven and Sloane Square Woven.
