Brown Jordan celebrates 70 years of design leadership with a paint box of fresh new colors for its Tamiami collection. A marvel of simplicity and grace, Tamiami made its debut in 1961 and immediately struck a chord with mid-century designers and the public alike. Featuring a streamlined aluminum frame and vinyl straps in a cross-lace pattern, the Tamiami collection will now offer both straps and frames in a selection of twelve vivid colors.

Available in all finishes with Vinyl lace. Shown above (left to right) in Yellow, Coffee, Bright Blue, Bright Green, Dark Green, Marine, Hot Pink, Orange, Mica, White Lite, Red and Night.
